APPLICATION OF TARIFF

A. GENERAL

This tariff applies to local exchange telephone services furnished by Frontier West Virginia Inc. The exchange areas to which the regulations and rates contained herein apply are as specified in Supplement No. 1 to this tariff. The regulations and rates contained herein are in addition to the applicable regulations and rates specified in other tariffs of the Telephone Company. (C)

Local exchange telephone service is a voice grade service and is provided in compliance with the following industry standard transmission parameters:

Loop Current:	Not less than 20 MA @ 400 ohm load
Circuit Loss:	-8.5db or less
Circuit Noise:	30 dbrnC or less
Power Influence:	90 db or less
Balance (PI-CN):	60db or more

B. REGULATIONS

1. Exchange services are provided only on an intraLATA basis, except for established local service areas in effect on December 31, 1983, which cross Local Access and Transport Area (LATA) boundaries.
2. Application of Exchange Service Rates
  - a. Business and Residence
    - (1) The determination as to whether customer service is furnished at business or residence rates is based on the character of the use, made of the service. The type of Directory Listing may, in some cases, also serve as a satisfactory basis for determining whether business or residence rates apply.
    - (2) Where the place of business is located on the same premises as a residence and separate telephone service is not installed for the business, the telephone service installed on the premises shall ordinarily be billed at the business rate if the person operating said business is required to obtain a business registration certificate for said business on said premises; and provided that the person is not exempted from paying West Virginia business registration tax. In all disputed cases, however, other external indicia will be taken into account in determining whether business or residence rates should apply.
    - (3) Service shall be classified and charged for as business service where the use is primarily or substantially of a business, professional, institutional or occupational nature, or where a business Directory Listing is furnished, except as provided in the following paragraph.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. 11-0665-T-T dated May 19, 2011.

B. REGULATIONS (Cont'd)

2. Application of Exchange Service Rates (Cont'd)

a. Business and Residence (Cont'd)

(5) When it is determined that a customer to residence service is using the service in such a manner that it should be classified and charged for as business service under the preceding provisions, the Telephone Company will discontinue the service of such customer in the event the customer refuses to permit the service to be classified as business service and pay the applicable business rates.

(6) Residence rates shall apply to service which is terminated in facilities or equipment of an amateur radio licensee, notwithstanding the fact that those facilities are not located at a residence, provided that the service is used solely for control of, and non-commercial communications through, an amateur radio communications repeater and for no purpose which would otherwise cause the service to be classified as business.

b. Trunks

Private Branch Exchange (PBX) Trunk rates apply for exchange service lines connecting the PBX common equipment and in multifunction systems where the lines are used as pooled information, dial or button access, and used in connection with direct group calling features.

c. Local Exchange Services

Residence

Plan 1 (Thrifty Caller) is economy rate exchange service which provides measured rate calling only and has no usage charge allowance. Effective December 31, 2013, only customers who subscribe to MTP Enhanced Tel-Assistance (Lifeline) Service may choose Plan 1. Customers who do not subscribe to MTP Enhanced Tel-Assistance Service and are Plan 1 customers prior to December 31, 2013, may remain on Plan 1 at the rate specified for Non-Lifeline customers.

(N)  
|  
(N)

Plan 2 (Community Caller) provides for flat rate calling only within the originating exchange or zone and there is no usage charge allowance applicable to calls terminating in other exchanges or zones of the customer's local service area.

Plan 3 (Community Plus Caller) provides flat rate calling to specified areas with measured calling to all other exchanges or zones within the local service area and has no usage charge allowance.

Some material previously shown on the page now appears on Original Page 2a.

B. REGULATIONS (Cont'd)

2. Application of Exchange Service Rates (Cont'd)

- d. A residence customer subscribing to Plans 2, 3 or 4, who qualifies and changes their service to Tel-Assistance Service, may revert to their previous grade of service up to, and including, the receipt of their second bill which contains their charges for Tel-Assistance Service and they may have a one-time bill recalculation as specified for Bill Calculation following.

New Tel-Assistance Service customers, who were not customers of record immediately prior to obtaining Tel-Assistance Service, may elect to change to Plans 2, 3 or 4, if they do so during the same two-month period described in the preceding paragraph and they are also eligible for the one-time bill recalculation.

Bill Calculation

The customer's bill will be recalculated as specified preceding using their previous rate and an adjustment will be given for the difference between their Tel-Assistance Service bill and that which would have been billed under their previous service. For new Tel-Assistance Service customers, the recalculation will use the applicable rate for the service to which they change from Tel-Assistance Service.

3. Exchange service rates provide service up to and including the network interface. The following Channel Services may be used with exchange services.

- a. Foreign Exchange Service is exchange service furnished from one exchange to a location in another exchange by the use of Series 2000, type 2006A, Channels.

- (1) Foreign Exchange Service is not in accord with the general plan of furnishing telephone service, and is provided only under special conditions and where suitable facilities which can be spared are available.
- (2) Foreign Exchange Service is available only between exchanges located in the same LATA.
- (3) Foreign Exchange Service will be provided to new customers only in connection with individual lines and PBX trunks.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. \_\_\_\_\_ dated \_\_\_\_\_.

a. (Cont'd)

- (4) Where the normal and foreign exchanges are not contiguous, a customer to Foreign Exchange Service is required to subscribe also for some class of exchange service regularly furnished in the exchange in which the customer's premises is located.
- (5) The rates and charges applicable to foreign exchange lines and trunks are the rates and charges for the class of service furnished, applicable within the foreign exchange.
- (6) The long distance and local measured charges and the extent of local service applicable, are the same as apply to other exchange services provided from the same foreign exchange.
- (7) The rates and charges for all other items of service and equipment are the rates and charges applicable in the area within which the customers' network interface is located.

b. Foreign Zone Service is exchange service furnished from one zone to a location in another zone in the same multizone exchange by the use of Series 2000, type 2006B, Channels.

- (1) Foreign Zone Service is not in accord with the general plan of furnishing telephone service and is provided in accordance with such methods as are best suited to meet plant and operating requirements of the Telephone Company.
- (2) Foreign Zone Service will be provided only to new customers in connection with individual lines and PBX trunks.
- (3) The rates and charges applicable to foreign zone lines and trunks are the rates and charges for the class of service furnished, applicable within the foreign zone.
- (4) The rates and charges for all other items of service and equipment are the rates and charges applicable in the area within which the customer network interface is located.
- (5) The long distance and local measured charges and the extent of local service applicable, are the same as apply to other exchange services provided from the same foreign zone.

3. (Cont'd)

- c. Foreign Central Office Service is exchange service furnished from a central office other than the central office designated by the Telephone Company to serve a particular customer by the use of Series 2000, type 2006C, Channels.
- (1) Foreign Central Office Service is provided pursuant to a specific request from a customer to receive service from such a foreign central office. In the absence of such a specific request, no service shall be considered to be provided from a foreign central office regardless of arrangement of facilities, the central office designation or the assignment of telephone number by the Telephone Company.
  - (2) Foreign Central Office Service is not in accord with the general plan of furnishing telephone service. The General Regulations Tariff, Provision and Ownership of Telephone Numbers, governs the determination of a customer's central office.
  - (3) Foreign Central Office Service is provided in connection with business individual lines and branch exchange trunks, or with residence individual lines and branch exchange trunks.
  - (4) Channel charges for Foreign Central Office Service apply in addition to all other charges for exchange service.
- d. Extension of an exchange service line is furnished to provide an additional connection of an exchange line on a different premises than the first connection of the line by the use of Series 2000, type 2011, Channels.
- (1) Extension service is not furnished for Service for Customer-provided Coin and Credit Card Operated Telephones and pay telephones connected to Pay Telephone Network Lines.
  - (2) Extensions of exchange service lines must be so located as to restrict their use to those entitled to use the customer's service, except where required to provide for the answering of calls at such times as the customer is not available at the main station connection. In such cases, when Extension Service is provided for answering of calls, the service is furnished only with the understanding that outward calls are not to be placed therefrom and ordinarily only on condition that separate exchange service is also furnished on the same premises.

(3) Intercommunication is not contemplated between the connections of an exchange service line.

e. An answering connection is an additional connection of a patron's exchange service which may be connected in equipment of a Telephone Answering Bureau as specified in 11. following by the use of a Series 2000, type 2045, Channel.

f. A concentrator connection is a connection of a patron's exchange service which may be connected in equipment of a Telephone Answering Bureau as specified in 11. following by the use of a Series 2000, type 2041, Channel.

g. A concentrator-identifier trunk is a Channel Service provided by the Telephone Company to connect a patron's exchange service from a concentrator located in a wire center to a Telephone Answering Bureau's identifier location by use of a Series 2000, type 2043, Channel.

4. 500 Service

Calls placed to 500 numbers are considered local Band 1 calls. Customers subscribing to Thrifty Caller Service will be billed local usage charges in accordance with the rates set forth in Section 2 of this tariff. There will be no charge to call 500 numbers from any other class of service.

5. Mixing Classes of Service on the Same Premises

Different classes of service will not be furnished to business customers on the same premises where both services are rated on the same exchange or zone, except for customers who have, for example, facsimile machines or any other special type equipment on premise that is not used to access local calling, and as otherwise specified in the Telephone Company's applicable tariffs. Access lines terminating on a multiline system cannot be mixed between classes of service. Residence customers may have different classes of service provided to the same customer or household on the same premises.

6. Measured Rate Services

- a. Measured Rate Services provide for calling to exchange services within the local service area with each call measured on a time-of-day, distance called and length-of message basis.
- b. Measured Rate Services are offered in all exchanges and zones.
- c. Rates for messages between two points are based on the airline mileage between rate centers, except when the two points are located within the same exchange or zone. Airline mileages between rate centers are determined as specified in this Company's Long Distance Services Tariff for Long Distance Message Telecommunications Service.
- d. In the event that customers experience difficulty in dialing, through no fault of their own, and completion of a call necessitates the use of a Telephone Company operator, it is the responsibility of such customers, after receipt of their bill, to notify the Telephone Company business office of the difficulties which resulted in charges for long distance messages.
- e. For the purpose of determining charges the following applies:
  - (1) The rate for each message will be on a per-minute basis, with fractional minutes computed as one minute.
  - (2) Chargeable time for all calls begins when connection is established between the calling line and the called line, branch exchange or Centrex system and ends when the calling line "hangs-up" thereby releasing the network connection. If the called line "hangs-up" but the calling line does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Telephone Company operator.

8. Service for Hotels and Hospitals

- a. Individual lines provided to motels and trunks provided to hotels and hospitals may be provided for guests's use.
- b. Plan 2 trunks are not provided at hotels, hospitals or other locations of a like nature, where the service is desired for use of those other than the management.
- c. Service for Hotels is primarily furnished to hotels, including motels, which, in the opinion of the Telephone Company, cater principally to transients but, may also be furnished to clubs and marinas which offer accommodations and services similar to a hotel for guests and members.
- d. All charges for the service including charges for any messages shall be billed to the hotel or hospital which shall be responsible for any prorating and billing of the charges to the guests.
- e. The hotel or hospital is responsible for all charges for telephone messages, telegrams, cablegrams and radiograms sent-paid from or received-collect at station lines of the hotel or hospital, whether sent-paid or received-collect by the hotel or hospital for its own account or by or for others.
- f. Stations may be located in stores, shops and other businesses on the same premises which are not operated by the customer to provide for intercommunication only with other stations connected to the system. Stations will not be provided unless a class of local exchange service is furnished at each such place of business.

9. Service for Schools, Colleges and Universities

- a. PBX Trunks furnished to schools, colleges and universities may be provided for the use of students, faculty and employees who reside in dormitories or other living quarters owned, leased or under the control of the school.
- b. This Service is business service provided only in connection with communications (switching) systems, equipped for Direct Inward Dialing (DID) Service and Identified Outward Dialing (IOD) Service.

9. Service for School, Colleges and Universities (Cont'd)

- c. The Telephone Company is responsible for the billing and collecting of all message charges for long distance telecommunications services, telegrams, cablegrams and radiograms sent-paid from or received-collect at special billing numbers associated with lines of students, faculty and employees. The school, college or university is responsible for the payment of all other rates and charges including calls from lines in parlors, recreation rooms, and other stations without special billing numbers.
- d. The school, college or university shall agree to render assistance to the Telephone Company in the prompt collection of charges billed to a special billing number.
- e. In the event of nonpayment of any charges billed to a student, faculty member or employee, the school, college or university shall agree, upon the request of the Telephone Company, to disconnect the line used by that student, faculty member or employee until the charges due have been paid. Where the school, college or university fails to disconnect the line following such request of the Telephone Company, the school, college or university shall agree to assume responsibility for payment of all charges incurred on that line from the date the Telephone Company requested that line be disconnected.
- f. The regulations set forth for deposits and payments of service in the tariffs of the Telephone Company shall be applicable to special billing numbers.

10. Service for Telephone Answering Bureaus

- a. The answering bureau must subscribe to business exchange service, other than Service for Customer-provided Coin and Credit Card Operated Telephones or Pay Telephone Network Lines, for its own use. The answering bureau may contract for additional listings on its service for its patrons who are not customers to telephone service in the same exchange where the answering bureau is the authorized agent of the patron.
- b. Service for Telephone Answering Bureaus may be provided either by direct connections or by answering connections. A direct connection may consist of an individual line, Toll Free Service access line, PBX line or a Centrex line, and may not be connected in concentrator equipment. An answering connection is furnished only in connection with PBX trunks, individual lines, Toll Free Service access lines and Centrex lines.

LOCAL EXCHANGE SERVICE

A. GENERAL

The regulations and rates contained herein are applicable to various local exchange telephone services furnished within each exchange area.

B. REGULATIONS

1. Services provided under the residence Plan 1 option are not offered on a foreign zone or foreign exchange basis.
2. Services provided under the business Plan 1 option are Individual Lines, Private Branch Exchange (PBX) Trunks, Service for Hotels, whereas services provided under the business Plan 2 option are Individual Lines, PBX Trunks and Centrex I and II Services.
3. Where the provision of local exchange service may involve a carrier or carriers other than the Telephone Company, the obligation of the Telephone Company to provide such service at local exchange rates to a particular community, as shown by the table on the following pages, is contingent upon existence of an approved and effective interconnection or other agreement between the other carrier and the Telephone Company covering the exchange of the local exchange service traffic in question. The Telephone Company will not be required to carry such traffic at local exchange rates in the absence of such agreement. In addition, the provision of local exchange service where another carrier is involved is explicitly subject to the "Availability of Facilities" provisions of the Telephone Company's GENERAL REGULATIONS TARIFF, P.S.C. -W. Va. - No. 201, Section 1.
4. Business lines may be either ground start or loop start and may have any standard treatment. Transmission quality over ground start lines is not guaranteed. Additional transmission improvements requested by the customer will be provided by the Telephone Company at charges based on cost. (N)

e. Termination Liability Language

1. If a customer terminates services during the 24-month commitment, the customer will pay early termination charges as specified in (c) following. The customer will not pay termination liability charges under the following circumstances:
  - a) If the customer terminates the service during the 24-month commitment, in order to subscribe to another Frontier service of a higher price. (C)
    - If the customer terminates service during the 24-month commitment in order to subscribe to another Frontier service and commits to a term plan of a duration that is equal to or greater than the time remaining under the 24-month commitment. (C)
    - If the customer terminates service at the end of the 24-month commitment.
    - If the customer moves service to a new location and maintains the dial tone line term plan.
  - b) In the event the customer terminates service within the first 30 days, the customer will be liable for the applicable monthly rate incurred by the customer and non-recurring charges; however, the Termination Liability will be waived. If the customer terminates service after 30 days but prior to completion of the term commitment period, the customer shall be liable for an early termination charge and non-recurring charges.
  - c) In the event the customer terminates the service prior to completion of the current term commitment period, the customer shall be liable for an early termination charge. The amount of the early termination charge will be 25% of the monthly recurring dial tone line term rate charges (MRC) for the remainder of the term. The formula for calculating the early termination charge is shown below:

$$\frac{25\% \times \text{Dial Tone Line Term MRC}}{\text{Remainder of Term}} = \text{Termination Charge} \times \# \text{ of Dial Tone Lines}$$

2. The customer must contact the Company one month prior to the end of the plan period in order to renew the plan for additional periods of time.
3. The company is not required to offer the plan for additional periods of time.
4. If the customer does not renew the plan before the end of the plan period, the rate will revert to the month-to-month rate set forth in the Local Exchange Tariffs.

DATA GRADE SERVICE

A. GENERAL

Data Grade Service is an enhancement to single line residential and single line business service that provides higher quality transmission standards than those normally provided for voice transmission. It is designed for those single line residential and single line business customers who need a better grade of service for data transmission. This service is offered subject to the availability of suitable facilities.

B. REGULATIONS

1. Lines conditioned for Data Grade Service may also be used for normal voice communication.
2. The parameters of Data Grade Service are designed to support transmission of data up to 4800 bits per second on the line from the point of demarcation at the customer's premises to the customer's serving central office.
3. The quality of the line is guaranteed only between the customer's demarcation point and the customer's serving central office. The Telephone Company makes no guarantee for the transmission level over the entire circuit.

C. RATES

The rate for Data Grade Service is the applicable monthly rate for individual line service, in addition to the following rates:

	<u>Installation Charge</u>	<u>Per Month</u>	<u>USOC</u>
Residence, per line.....	\$25.00	\$5.00	
Business, per line.....	25.00	5.00

MARKET TRANSITION PLAN (MTP) ENHANCED TEL-ASSISTANCE SERVICE

A. GENERAL

The MTP Enhanced Tel-Assistance Service is an offering designed to help qualified, low-income, individuals pay for their Local Exchange Service. Such qualified low-income customers will receive a federal credit reducing the rate for local telephone service. In addition, MTP Enhanced Tel-Assistance customers who elect Thrifty Plan will receive a credit for usage charges.

A qualifying low-income individual means a consumer who is a recipient of:

- Medicaid
- Supplemental Nutrition Assistance Program
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance (Section 8)
- Veterans Pension
- Survivors Pension

(O) (N)  
| (N)  
(O)

The Department of Human Service shall establish, by rules and regulations, procedures to inform persons of their eligibility, assist in proving their eligibility, and determine on a continuing basis the eligibility of persons receiving MTP Enhanced Tel-Assistance Service and communicate such determinations to the Company.

B. REGULATIONS

1. MTP Enhanced Tel-Assistance Service is exchange service and, as such, is subject to the regulations governing Local Exchange Service in Tariff 201. The rates specified therein for MTP Enhanced Tel-Assistance Service apply in addition to the rates for Local Exchange Service in Tariff 202, preceding, except as may otherwise be specified following.
2. MTP Enhanced Tel-Assistance Service are available to qualified, low-income individuals and is provided with Local Exchange Service (Plan 1, Thrifty; Plan 2, Community Caller; Plan 3, Community Plus Caller; or Plan, 4 Frequent Caller)
3. No other exchange service may be provided on the same premises with a MTP Enhanced Tel-Assistance Service to either the MTP Enhanced Tel-Assistance Service customer or any other person. In addition, a MTP Enhanced Tel-Assistance Service customer may not subscribe to foreign central office, foreign exchange or foreign zone services

MARKET TRANSITION PLAN (MTP) ENHANCED TEL-ASSISTANCE SERVICE

B. REGULATIONS (Cont'd)

4. MTP Enhanced Tel-Assistance Service customers subscribing to Plan 1, Thrifty, will receive a state usage allowance not to exceed \$2.00 per month. Such usage may be either local or Company provided long distance service (this includes all intraLATA toll calls billed by the local exchange carrier). (O)
5. MTP Enhanced Tel-Assistance customers will receive a Federal credit for support in the amount of \$9.25 and will be applied to the monthly local exchange service charge. (D)  
(O)
6. MTP Enhanced Tel-Assistance customers may subscribe to a-la-carte features located in Tariff 203, Section 21.
7. MTP Enhanced Tel-Assistance customers may subscribe to package and bundle offerings located in Tariff 215. Credits as identified in (5) above will apply. No credit will apply for usage charges.
8. MTP Enhanced Tel-Assistance customers are exempt from E-911 and the TRS surcharge.
9. MTP Enhanced Tel-Assistance Service shall be made available only to qualified customers who are certified by the West Virginia Department of Health and Human Resources to the Telephone Company as eligible for MTP Enhanced Tel-Assistance Service.
10. Eligibility for MTP Enhanced Tel-Assistance service shall be subject to initial and continuing verification by the Department of Health and Human Resources.
11. When the Telephone Company receives notice from the Department of Health and Human Resources, or from the customer, that the customer is no longer eligible for MTP Enhanced Tel-Assistance Service, the Telephone Company will then notify the customer that the MTP Enhanced Tel-Assistance Service will be discontinued.
12. A customer, requesting the establishment of local exchange service in combination with MTP Enhanced Tel-Assistance Service, who is in the process of being certified by the Department of Health and Human Resources as eligible for MTP Enhanced Tel-Assistance Service will be provided their requested choice of local exchange service as specified in Sections 1 and 2 of this tariff. If such certification is obtained within 30 days of the customer's exchange service establishment date, the customer will be credited the difference between the tariffed rate service provided and the MTP Enhanced Tel-Assistance Service monthly charges, prorated to reflect the portion of the initial 30 days billed.

MARKET TRANSITION PLAN (MTP) ENHANCED TEL-ASSISTANCE SERVICE

B. REGULATIONS (Cont'd)

13. The Telephone Company shall not disconnect or interrupt a MTP Enhanced Tel-Assistance customer for failure to pay toll or long distance charges.
14. A MTP Enhanced Tel-Assistance customer who may be required to pay a deposit will have the deposit waived if the customer voluntarily elects MTP Enhanced Tel-Assistance Toll Restriction Service. This service is available to MTP Enhanced Tel-Assistance customers only and is provided free of charge. MTP Enhanced Tel-Assistance Toll Restriction service allows the completion of local calls, calls to the operator for the completion of collect and third number billed calls, calls to 911 and other N11 service codes, calls to Toll Free Service telephone numbers, and local Directory Assistance calls. However, this service prevents the origination of all intraLATA, interLATA and interstate calls, 700/900 calls, calls to non-local Directory Assistance and Service Request, Verification and Interrupt Services. In addition, this service prevents the billing of collect and third number calls to the MTP Enhanced Tel-Assistance line.
15. The Telephone Company may initiate MTP Enhanced Tel-Assistance Toll Restriction Service if a MTP Enhanced Tel-Assistance customer has a delinquent balance for toll and/or long distance charges of \$20.00 or more.
16. Pursuant to Article 2C, Chapter 24 of the West Virginia Code (including, but not necessarily limited to, West Virginia Code Section 24-2C-1, 24-2C-4(a)&(c), and 24-2C-5(b)), and in order to simplify the record keeping for the tax credit for the provision of Tel-Assistance Service, the methodology by which the Telephone Company will calculate the revenue deficiency for the provision of Tel-Assistance Service will be to freeze the revenue deficiency at the level previously approved by the Commission for the 2002 tax year, until further Order of the Commission to the contrary.
17. Frontier follows the Federal Rules for certification and verification of continued Tel-Assistance/Lifeline service as defined by section 54.410 of the Code of Federal Regulations. (0)

JOINT USER SERVICE

A. GENERAL

Joint User Service is a shared service arrangement which allows the business telephone exchange service of a customer to be used, when designated by the customer, by individuals, firms or corporations not otherwise permitted use of the customer's business service by the Telephone Company's tariffs.

B. REGULATIONS

1. Joint User Service is offered on a business individual line, branch exchange trunk or Centrex main line (excluding Dormitory Centrex) basis.
2. Application for Joint User Service, and for changes in service therewith, must be executed by the customer. The customer must be a user of the shared service arrangement and is responsible for payment of all charges incurred, regardless of whether such charges are associated with his usage, or that of any of his joint users, and such charges will be included on the customer's regular monthly bill.
3. Joint users of a customer's service must have the option of obtaining service directly from the Telephone Company. The joint users may subscribe to any other form of service regularly offered, provided such service is used in accordance with the regulation pertaining to Use of Customer's Service.
4. The total charges for telephone service rendered by the Telephone Company and allocated by the customer between the customer and each of the customer's joint users shall not exceed the charges of the Telephone Company to the customer as specified in the Telephone Company's applicable tariffs.
5. No separate call numbers or other distinctive designations are provided for the purpose of signaling the joint users.
6. Initial Contract Period and Termination of Service

Joint User Service is terminated and charges for Joint User Service are automatically discontinued upon termination of the customer's telephone service. Charges for Joint User Service may otherwise be discontinued at the request of the customer, provided that the joint user no longer utilizes any of the customer's service, and also that the terms of the initial contract period have been satisfied.

REMOTE CALL FORWARDING

A. GENERAL

Remote Call Forwarding is a telecommunications network service that utilizes a telephone number and electronic switching system central office facilities to automatically forward all incoming calls. A call dialed to the Remote Call Forwarding telephone number is forwarded to the remote telephone number.

B. REGULATIONS

1. Remote Call Forwarding is offered subject to the availability of suitable facilities.
2. A Remote Call Forwarding arrangement includes the equipment necessary to forward one telephone call to a forwarded-to telephone number.
3. Remote Call Forwarding calls may be forwarded to branch exchange (PBX) trunks, Centrex Service, Toll Free Service and individual line service, excluding Pay Telephone Network Lines and Service for Customer-provided Coin and Credit Card Operated Telephones. A Centrex Service number may not be used as a Remote Call Forwarding originating number.
4. Remote Call Forwarding is provided on the condition that the customer subscribe to sufficient Remote Call Forwarding arrangements and remote telephone numbers to adequately handle calls to the Remote Call Forwarding customer without interfering with or impairing any services offered by the Telephone Company. If in the opinion of the Telephone Company, additional Remote Call Forwarding arrangements or remote telephone numbers are required, the customer will be responsible for subscribing to such additional Remote Call Forwarding arrangements or remote telephone numbers. In the event the customer refuses to subscribe to such additional Remote Call Forwarding arrangements or remote telephone numbers, such customer's Remote Call Forwarding service shall be subject to termination.
5. Where additional remote telephone numbers are requested by the customer or required by the Telephone Company for association with the same Remote Call Forwarding number, such additional remote telephone numbers must be of the same class and grade of service, and on the same premises, as the first remote telephone number.
6. Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.
7. The Custom Calling Service call forwarding feature is not offered for use with the remote station of Remote Call Forwarding.
8. The Telephone Company will not provide identification of the originating telephone number to the Remote Call Forwarding customer.

REMOTE CALL FORWARDING

B. REGULATIONS (Cont'd)

9. The classification of residence or business service for Remote Call Forwarding arrangements is determined by the class of service of the forwarded-to telephone number.
10. Charges for calls from the originating service to a Remote Call Forwarding telephone number are the responsibility of the originating service, unless such calls are accepted as collect at the remote telephone number. Charges as specified in C. following for the forwarding of calls from the Remote Call Forwarding number to the remote telephone number are the responsibility of the Remote Call Forwarding customer.
11. For any collect calls placed to the Remote Call Forwarding number, charges apply as specified in C. following for calls forwarded, regardless of whether or not such calls are accepted as collect at the terminating telephone number.

CENTREX SERVICES

A. GENERAL

Centrex Services are communications systems which include the facilities necessary for exchange access and intercommunication within the system, plus other features specified by the Telephone Company.

Centrex station lines may be either ground start or loop start and may have any standard treatment. Transmission quality over ground start lines is not guaranteed. Additional transmission improvements requested by the customer will be provided by the Telephone Company at charges based on cost. (N)

B. REGULATIONS

1. Centrex Services are offered by the Telephone Company at rates, charges and terms as the Telephone Company shall determine.
2. The rates and charges for exchange access Centrex lines associated with Centrex Services are as specified in C. following.
3. Centrex lines are classified as business service except as otherwise specified in 6. following. Centrex Service furnished by central office type dial switching equipment is offered to new customers only from the Telephone Company's electronic switching system central offices subject to the availability of facilities and where, in the judgment of the Telephone Company, service may be provided by the use of service arrangements, equipment and facilities in quantities and types regularly furnished by the Telephone Company. Centrex Service may also be provided to new customers from previously equipped Telephone Company number 5 type crossbar central offices provided there is sufficient spare capacity. Whenever, in the judgment of the Telephone Company, it is impracticable to provide Centrex Service, the offerings of Direct Inward Dialing (DID) Service and Identified Outward Dialing (IOD) Service associated with dial switching equipment located on the customers premises may be provided as specified in this tariff as a substitute to meet the customer's requirements for service. (N)

When a customer requests a new Centrex system or a new location group within an existing Centrex system that requires the installation of additional outside plant or central office facilities and where, in the judgment of the Telephone Company, it is practicable to provide such facilities, the customer will be charged the cost of providing the necessary additional facilities, in addition to all other rates and charges applicable to the Centrex system or location group being installed.

When additions to the outside plant or central office facilities are required in excess of those contemplated by the rates and charges specified herein, charges apply based on the estimated costs of the specially constructed facilities. Such charges will be determined in accordance with a. following, unless the customer elects the alternative charges specified in b. following, and notifies the Telephone Company of such election in writing prior to the start of such special construction.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. \_\_\_\_\_ dated \_\_\_\_\_.

CENTREX SERVICES

B. REGULATIONS (Cont'd)

3. (Cont'd)

- a. Charges equal to the estimated costs of the specially constructed facilities apply as follows.

- (1) An initial nonrecurring charge applies at the start of service equal to the cost installed.

If any element of the specially constructed facilities is replaced subsequent to the start of service and the cost of such replacement is chargeable to the capital accounts of the Telephone Company, a nonrecurring replacement charge applies. The Telephone Company shall notify the customer in writing of the need for such replacement and such replacement shall not be undertaken until the Telephone Company has received written authorization from the customer.

- (2) Monthly rates apply equal to the recurring monthly costs. For purposes of this paragraph, recurring monthly costs include the estimated costs of maintenance, depreciation, administration, taxes, return on investment and any other items of cost applicable to the specially constructed facilities, but do not include provision for depreciation, return on investment and federal income tax on any portion of the investment as to which a nonrecurring charge applies pursuant to (1) preceding.

- (3) In the event charges are applicable pursuant to both (1) and (2) preceding, an additional monthly rate applies, equal to ten percent of the estimated recurring monthly costs of maintenance, administration and taxes, other than federal income tax, associated with any portion of the investment as to which a nonrecurring charge applies pursuant to (1) preceding.

- b. As an alternative to the charges specified in a. preceding, charges equal to the estimated costs of the specially constructed facilities apply as follows:

Any such costs, whether in the costs installed or in the recurring monthly costs, or both, shall be recovered by a monthly rate which shall include the estimated excess cost of maintenance, depreciation, administration, taxes, return on investment, federal income tax and any other items of costs applicable to the specially constructed facilities.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. \_\_\_\_\_ dated \_\_\_\_\_.

CENTREX SERVICES

B. REGULATIONS (Cont'd)

4. Centrex is offered only as a complete service. The exchange access and intercommunication with Centrex line portions of the service are not offered separately.

Where quantities of switching equipment or central office lines in excess of those considered adequate by the Telephone Company are requested by the customer, such additional facilities will be furnished at rates and charges based on costs.

5. Charges for Channels Connecting Different Premises

Channel charges as specified in this Company's Channel Services Tariff for connecting different premises are in addition to the rate for the Centrex line.

(a) Intraexchange, or Zone of an Area Exchange

- (1) Except as specified in (2) following for Centrex Business Pak, where a main or intercommunicating Centrex line is located outside of the serving or adjacent wire center area of the customer's primary location, channel charges apply for the extension of a centrex line between the wire center serving the customer's primary location and the wire center serving the Centrex line. Local channels are not required.
- (2) Channels for the extension of a Centrex Business Pak line are required between the wire center serving the customer's primary location and the wire center serving the Centrex Business Pak line. Local channels are not required.
- (3) If a Centrex number is extended to a second location, channel charges apply. Local channels are required, except at the switch end.

(b) Interexchange

Where a Centrex line is located in another exchange channel charges apply for the connecting facilities.

Issued by authority of an Order of the Public Service Commission of West Virginia in Case No. \_\_\_\_\_ dated \_\_\_\_\_.

CENTREX SERVICES

B. REGULATIONS (Cont'd)

6. Dormitory Centrex Lines

a. Dormitory Centrex lines are provided only for residential use and on a Plan 3 basis in connection with Centrex I and II Dormitory Service for Schools, Colleges or Universities.

b. Schools, colleges and universities may subscribe to dormitory Centrex lines under either Option A or Option B as follows:

(1) Option A

The school, college or university is responsible for payment of all charges. The school, college or university is also responsible for billing and collecting charges for telephone messages, charges for Directory Assistance Service, telegrams, cablegrams and radiograms sent-paid from or received-collect at dormitory Centrex lines. The Telephone Company will assist the school, college or university by furnishing individual identification of long distance messages. Option A is no longer offered and the rates and charges specified in C. following apply only to existing installations of this arrangement for the same customer at the same location.

(2) Option B

The Telephone Company is responsible for the billing and collecting of long distance charges, charges for Directory Assistance Service, telegrams, cablegrams and radiograms sent-paid from or received-collect at dormitory Centrex lines. The school, college or university is responsible for the payment of all other rates and charges applicable to the dormitory Centrex lines.

The school, college or university shall agree to either:

(a) Assume responsibility for the payment of long distance charges billed to dormitory Centrex lines deemed by the Telephone Company to be uncollectible or

(b) Render assistance to the Telephone Company in the prompt collection of such charges, in which event no responsibility for the uncollectible portion will be incurred by the school, college or university.

The Telephone Company reserves the right to change a dormitory Centrex line to a Centrex intercommunicating line in the event of nonpayment of charges billed to the dormitory Centrex line.
