TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.a.
 - 2.1.1.A.1.a.I.
 - 2.1.1.A.1.a.I.(i).
 - 2.1.1.A.1.a.I.(i).(1).
- D. Check Sheets - When a tariff filing is made with the SC PSC, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.)

The Company's service is furnished to Customers for interexchange communications originating and terminating within South Carolina under the terms of this tariff. The Company's service is available twenty-four hours per day, seven days per week, except as otherwise provided in the Company's tariffs.

The Company arranges for installation, operation, and maintenance of the service provided in this tariff for the Customer in accordance with the terms and conditions set forth in this tariff. The Company may, when authorized by the Customer, act as the Customer's agent for ordering access connection facilities provided by other carriers or entities (such as the local exchange company), to allow connection of a Customer's location to the Company's service. The Customer shall be responsible for all charges due for such service arrangement.

Where network facilities and billing systems permit, the Company will block casual dialing.

2.2 Use of Service

2.2.1 Service may be used for any lawful purpose for which it is technically suited.

2.2.2 The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, number, process, or code. All right, title and interest to such items remain, at all times, solely with the Company or its underlying carrier, as appropriate.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.3 Limitations of Service

- 2.3.1 Service is offered subject to the availability of the necessary facilities and/or equipment including, but not limited to, billing systems, and subject to the provisions of this tariff. The Company may decline applications for service to or from a location where the necessary facilities or equipment are not available. The Company may discontinue furnishing service in accordance with the terms of this tariff.
- 2.3.2 The Company reserves the right to discontinue or limit service in accordance with the terms of this tariff when necessitated by conditions beyond its control (examples of these conditions are more fully set forth elsewhere in this tariff), or when service is used in violation of provisions of this tariff or the law.
- 2.3.3 The Company does not undertake to transmit messages, but offers the use of its service when available, and, as more fully set forth elsewhere in this tariff, shall not be liable for errors in transmission or for failure to establish connections.
- 2.3.4 The Company reserves the right to refuse to process Third Party Billed calls when the billed party and/or standard validation techniques do not confirm acceptance, or based on characteristics of the originating or terminating location.
- 2.3.5 The Company reserves the right to refuse to process calling card billed calls when authorization for use of the card cannot be validated or to prevent the unlawful use of service. The Customer may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.
- 2.3.6 The Company reserves the right to discontinue service, limit service, or to impose requirements in accordance with the terms of this tariff as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material affect on the business or economic feasibility of providing service, as determined by the Company in its reasonable judgment. In such circumstances, the Company's tariff will be revised accordingly.
- 2.3.7 Service is offered subject to restrictions imposed upon the Company by any authority having authority over the Company's provision of service.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.3 Limitations of Service, (cont'd.)**

2.3.8 The Company may require the Customer to sign an application for service form furnished by the Company and to establish credit as provided in this tariff, as a condition precedent to the initial establishment of service. The Company's acceptance of an application or order for service by an applicant whose credit has not been duly established may be subject to the deposit, advance payment and/or refusal of service provisions described in this tariff. The Company may also require a signed authorization from the Customer for additions to or changes in existing service for such Customer. An application for service canceled by the applicant or by the Company prior to the establishment of service is subject to the provisions of this tariff concerning cancellation charges.

2.4 Assignment or Transfer

The Customer may not transfer or assign the use of service offered by the Company without the express prior written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or in the location of service. All terms and conditions contained in this tariff shall apply to all such permitted transferees or assignees, as well as all conditions of service.

2.5 Liabilities of Company

2.5.1 Except in cases of gross negligence or willful misconduct by the Company, the liability of the Company for damages of any nature arising from errors, mistakes, omissions, interruptions, or delays of the Company, its agents, servants, or employees, in the course of establishing, furnishing, rearranging, moving, terminating, or changing the service or facilities or equipment shall not exceed an amount equal to the charges applicable under this tariff (calculated on a proportionate basis where appropriate) for the period during which such error, mistake, omission, interruption or delay occurs.

2.5.2 In no event shall the Company be liable for any incidental, indirect, special, or consequential damages (including, but not limited to, lost revenue or profits) of any kind whatsoever regardless of the cause or foreseeability thereof.

2.5.3 When the services or facilities of other common carriers or other service providers are used separately or in conjunction with the Company's services, facilities or equipment in establishing connection to points not reached by the Company's services, facilities or equipment, the Company shall not be liable for any act or omission of such other common carriers, or other service providers, or their respective agents, servants or employees.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.5 Liabilities of Company, (Cont'd.)**

- 2.5.4 The Company shall not be liable for any failure of performance hereunder if such failure is due to any cause or causes beyond the reasonable control of the Company. Such causes shall include, without limitation, acts of God, fire, explosion, vandalism, cable cut, meteorological phenomena, floods, storm or other similar occurrence, any law, order, regulation, direction, action or request of the United States government or of any other government or of any civil or military authority, national emergencies, insurrections, riots, wars, strikes, lockouts or work stoppages or other labor difficulties, supplier failures, shortages, breaches or delays, or preemption of existing service to restore service in compliance with state or federal laws.
- 2.5.5 The Company shall not be liable for interruptions, delays, errors, or defects in transmission, or for any injury whatsoever, caused by the Customer, or the Customer's agents, servants, employees, or customers, or by services, facilities or equipment provided by the Customer, or such agents, servants, employees, or customers.
- 2.5.6 The Company shall not be liable for unlawful use, or use by any unauthorized person, of its service, or for any claim arising out of a breach in the privacy or security of communications transmitted by the Company. The Company is not liable for any damages, including toll usage charges, the Customer may incur as a result of the unauthorized use of its telecommunications facilities. Such unauthorized use of its telecommunications facilities includes, but is not limited to, the placement of calls through Customer-provided equipment which are transmitted or carried on the Company's network. The Customer is responsible for controlling access to, and the use of, its own telecommunications facilities.
- 2.5.7 **WITH RESPECT TO SERVICE PROVIDED BY THE COMPANY, THE COMPANY HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESSED OR IMPLIED, NOT STATED IN THIS TARIFF, AND IN PARTICULAR DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.6 Liabilities of the Customer

The Customer shall indemnify, defend and hold harmless the Company (including the costs of litigation and reasonable attorney's fees) against:

- 2.6.1 Claims for libel, slander, infringement of copyright or unauthorized use of any trademark, trade name or service mark arising out of the material, data, information, or other content transmitted over the Company's services, facilities or equipment; and
- 2.6.2 Claims for patent infringement arising from combining or connecting the Company's services, facilities, equipment, apparatus or systems of the Customer or the Customer's agents, servants, employees or customers; and
- 2.6.3 All other claims (including, without limitation, claims for damage to any business or property, or injury to, or death of, any person) arising out of any act or omission of the Customer, or the Customer's agents, servants, employees, or customers, in connection with any service or facilities or equipment provided by the Company.

2.7 Taxes

All state and local taxes (e.g., sales tax, municipal utilities tax) are listed as separate line item on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.

2.8 Terminal Equipment

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided in this tariff or separately agreed upon by the Customer and the Company. The Customer is responsible for all costs at his or her premises, including, but not limited to personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with applicable rules and regulations of the Federal Communications Commission, including, but not limited to, Part 68. In addition, equipment must comply with the generally accepted minimum protective criteria standards and engineering requirements of the telecommunications industry which are not barred by the Federal Communications Commission.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.9 Installation**

No installation of the Company's services at the Customer's Premises is required to use the Company's service. Service is initiated by request of the Customer. The Company may refuse to provision service when the Company cannot verify that the party requesting the Company's service is authorized to request or to change service.

2.10 Payment for Service

2.10.1 Service is provided and billed on a monthly basis. Bills are due and payable upon receipt. Late payment fees for Customers who have their charges billed by an affiliated local exchange company will be the late payment fee applied by the affiliated local exchange company to overdue charges. Customers that are not billed by an affiliated local exchange company may be charged a late payment fee of 1.5% per month, or the maximum amount allowed by law, whichever is lower. The late payment fee will apply to any overdue charges and will begin to accrue no sooner than the 25th day after the billing date or as allowed by law. In the event that the Company incurs fees or expenses, including attorney's fees, collecting, or attempting to collect, any charges owed to the Company, the Company may charge the Customer, and the Customer will pay, all such fees and expenses reasonably incurred. Collection fees on overdue charges apply in addition to all applicable late payment charges and shall begin to accrue when the Account is assigned to an outside collection agency.

2.10.2 The Customer is responsible for payment of all charges for service furnished to or used by the Customer, or the Customer's agents, servants, employees or customers. The Customer is also responsible for payment of charges for all other third person's use of service to which the Customer subscribes. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent in immediately available U.S. dollars. Any objections to billed charges should be reported to the Company or its billing agent within thirty days after receipt of the bill. If objection in writing is not received by the Company within the applicable statute of limitations after the bill is rendered, the Account shall be deemed correct and binding upon the Subscriber.

2.10.3 The security of the Customer's Authorization Codes is the responsibility of the Customer. All calls placed using such Authorization Codes shall be billed to and shall be the obligation of the Customer. The Customer is responsible for all calls placed via the Customer's Authorization Code, whether such use is as a result of the Customer's intentional or negligent disclosure of the Authorization Code or otherwise. However, the Customer shall not be responsible for charges in connection with the unauthorized use of Authorization Codes arising after the Customer notifies the Company of the loss, theft, or other breach of security of such Authorization Codes.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.10 Payment for Service, (Cont'd.)

2.10.4 The Company reserves the right to assess a charge not to exceed the maximum amount determined by applicable state law, whenever a check or June 1, 2001 presented for payment of service is not accepted by the institution upon which it is written.

2.10.5 The Customer shall be responsible for payment of rates and charges for all calls placed by or through Customer's equipment by any person. In particular and without limitation to the foregoing, the Customer is responsible for payment of rates and charges for any calls placed by or through the Customer's equipment via any remote access features. The Customer is responsible for all calls placed via their Authorization Code, whether such use is as a result of the Customer's intentional or negligent disclosure of the Authorization Code or otherwise.

2.10.6 The Company reserves the right to examine the credit record or other available external sources of credit of an applicant or Customer. The Customer whose service has been disconnected for nonpayment of bills shall be required to pay any unpaid balance due to the Company before service is restored, and a deposit may be required.

2.10.7 The Company shall make no refund of overpayment by the Customer unless the claim for such overpayment, together with proper evidence, is submitted within two years of the date of alleged overpayment. In calculating refunds, any applicable discounts shall be adjusted based upon the actual monthly usage after all credits and adjustments have been applied.

2.10.8 Duplicate Bill Charge

A Residential Customer who requests a reprint of their monthly long distance bill that is older than six months and whose long distance charges are billed by an affiliated local exchange company will be assessed the charge applied by the affiliated local exchange company.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.11 Deposits

- 2.11.1 The Company reserves the right to examine the credit record of the Customer, using any lawful sources for determining credit standing. If the Customer's financial condition is unknown or unacceptable to the Company, the Customer may be required to provide the Company with a security deposit which the Company may apply against overdue charges. The amount of the security deposit shall be no more than two month's estimated usage but may vary downward based on the Customer's credit history and projected usage. The Customer shall be apprised that after one year of service the Account shall be reviewed, and in the event that all amounts due have been paid within the terms and conditions of this tariff, the deposit shall be refunded in full. If subsequent payment or usage patterns change, the Company may request an increase in or resubmission of the security deposit as appropriate. The Company may also require a security deposit before service is restored (along with the payment of overdue charges) from the Customer whose service has been discontinued for nonpayment of overdue charges. Such security deposit may be based on a new credit history (taking into account the discontinuance of service) and estimates of usage. Interest at the rate prescribed by SCPSC per annum is allowed to the Customer during the continuance of the deposit, payable as follows: on demand of the depositor at any time, but not more than once a year, upon application of depositor for discontinuance of service, or, at the end of each five year period if request for payment of interest or discontinuance of service has not been previously made. If held until discontinuance of service, such deposit and accrued interest, less any amounts due the Company, is upon such discontinuance returnable to the Customer.
- 2.11.2 The fact that a security deposit has been made in no way relieves the Customer from the prompt payment of bills upon presentation.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.12 Advance Payments

The Company reserves the right to require an advance payment, in advance installation, from the Customer instead of, or in addition to, a security deposit. The advance payment shall be in an amount equal to, or less than, estimated nonrecurring charges associated with service installation.

2.13 Interruption of Service

2.13.1 Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence or other wrongful act or omission of the Customer, or to the failure of services, channels, equipment and/or communications systems provided by the Customer or Customer's agents, servants, employees, or customers, are subject to the general liability provisions set forth in this tariff. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer. Interruptions caused by Customer-provided, or Company-provided automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via dial access code.

2.13.2 For purposes of credit computation, every month shall be considered to have 30 days and every day 24 hours. For all Company services no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours. For services billed on a usage basis, credits will be limited to, at maximum, the price of the call that was in progress at the time of the service interruption.

For services billed on a monthly basis, credit is computed by multiplying the monthly recurring rate by the ratio that the number of hours in the period of interruption bears to 720 hours (30 days times 24 hours). The credit shall be based upon the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges.

2.13.3 An interruption is measured from the time the Customer notifies the Company of the interruption until the trouble is cleared. Each interruption is considered separately for the purposes of establishing credit allowance. Unless otherwise specified in this tariff, the credit for a billing period shall not exceed the monthly rate.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.14 Discontinuance and Restoration of Service

Service continues to be provided until canceled by the Customer or until canceled by the Company as set forth below. The Company may render bills subsequent to the termination of service for charges incurred before termination. The Customer shall pay such bills in full in accordance with the payment terms of this tariff.

Additionally, [the Company] will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. The Company understands that violation of this provision could result in a rule to Show Cause as to the withdrawal of its certification to complete intrastate telecommunications traffic within the state of South Carolina.

2.22 Other Rules

- 2.22.1 The Company reserves the right to validate the credit worthiness of Customers through available verification procedures.
- 2.22.2 The Company reserves the right to discontinue service, limit service or to impose requirements on Customers as required to meet changing regulations, rules or standards of the Commission.

- 2.22.4 Demonstration or promotional calls of up to 10 minutes may be offered to existing or prospective Customers to demonstrate new services at no charge to the Customer. Such offerings will be limited to specific locations and dates and may include originating and/or terminating restrictions.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES**3.1 General**

- 3.1.1 The Company provides telecommunications services between locations within the State of South Carolina. The Company's service charges are based upon call duration, time of day rate period, mileage, and/or call type.
- 3.1.2 Presubscribed service is offered from locations served with equal access end offices.
- 3.1.3 Intrastate service is offered as an add-on to interstate service.
- 3.1.4 The Company's service is available twenty-four hours per day, seven days a week, except as otherwise provided in the Company's tariffs.
- 3.1.5 Due to billing system limitations, where noted in this tariff, certain billing differences may exist based on the specific system utilized for developing and rendering the Customer's bill.
- 3.1.6 From time to time, the Company may offer complimentary limited use phone cards (total value not to exceed \$100) to potential Customers who respond to, or are targeted by advertising or marketing campaigns. The Company may also offer complimentary limited use phone cards to existing or returning Customers as an incentive to retain such Customers. The limited use phone card allows users to originate outbound, direct dialed domestic long distance calls via a toll free access number. All calls are rounded to the next higher full minute or unit. The limited use phone card shall expire on the date specified on the card, or in the absence of a physical card, on the date specified on the marketing material accompanying the complimentary calling service offer.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.2 Calculation of Distance**

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by Telecordia Technologies (formerly Bellcore), in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:
$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

3.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.

- 3.3.1 Timing for all calls begins when the called party answers the call (i.e. when two way communications are established.) Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 3.3.2 Chargeable time for all station-to-station calls begins when connection is established between calling party and the called party and ends when the calling party hangs up thereby releasing the network connection. If the called party hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the network, or by an operator.
- 3.3.3 Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.
- 3.3.4 Calls are measured and billed in one minute increments on a per call basis, unless otherwise indicated in this tariff. Fractional billing increments are rounded to the full billing increment as stated in the product description.
- 3.3.5 There is no billing applied for incomplete calls. An incomplete call is a station call in which the called station does not answer, or a person-to-person call in which the station does not answer or the requested person is unavailable, or a collect call for which the called party refuses to accept the charges.
- 3.3.6 Usage charges are computed on a per call basis. When computation of call charges result in fractional cents, the resulting charge is rounded to the nearest penny.

4.3.1 Business Toll Free Service

A. General Description

Business Toll Free Service provides for the termination of in-bound toll free 800/888 calls to one-party exchange access lines or to dedicated access facilities. The minimum service period is one month. The Company's Business Toll Free Services for intrastate use are sold as an add-on to interstate Business Toll Free Services. Charges for specialized features, monthly recurring charges, and nonrecurring charges are set forth in the Company's federal rate schedules.

B. Business Toll Free Service Number Assignment

The Customer will be assigned an 800/888 XXX-XXXX number. 800/888 Number Service allows for but does not require the 800/888 service Customer to use the number. The assigned 800/888 number will terminate to an exchange access line or to dedicated access facilities.

C. Business Toll Free Service Area of Service

Area of Service defines the geographic location from which the 800/888 Number Customer desires to accept calls for a given 800/888 number. 800/888 Number Service can be selected for an area by specifying the desired area of service. The desired Area of Service must be specified by Customer at the time service is ordered. Customers can choose to restrict originating calling area by state, NPA, or exchange for a charge specified in the Company's federal rate schedules.

SECTION 4 - MISCELLANEOUS SERVICES, (Cont'd.)

4.4 Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services, unless otherwise specified in this tariff. The Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the A#@ symbol).

Whenever possible, the Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information that the originating station is an eligible pay telephone.

SECTION 5 - OBSOLETE SERVICE OFFERINGS

Services in this section are available only to existing Customers at existing locations, unless otherwise indicated in the service descriptions in this Section. Customers who are disconnected from an obsolete/grandfathered plan as a result of non-payment may lose their eligibility to be restored to the obsolete/grandfathered plan.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.1 Business/Residence Line Toll Free Service**

This service is only available to existing Customers as of June 1, 2001, at existing locations, without modification.

Business/Residence Line Toll Free Service provides for the termination of inbound toll-free calls to one-party exchange access lines. The minimum service period for Business/Residence Line Toll Free Service is one day.

5.1.1 Toll Free Number Assignment

Toll Free Number Assignment provides for the assignment of a single ten digit toll free number (i.e. 800-XXX-XXXX). Toll Free Number Service allows for but does not require the Toll Free Service Customer to use one toll free number. Toll Free Number Service can be selected for an area by specifying the desired area of service, as described in 5.1.1 following. The assigned toll free number will terminate to an exchange access line.

5.1.2 Area of Service

Area of Service defines the geographic location from which the Toll Free Number Service customer desires to accept calls for a given Toll Free number. An exchange access line is required for termination of Toll Free Number Service traffic. The desired Area of Service must be specified by Customer at the time Business/Residence Line Toll Free Service is ordered.

5.1.3 Variable Call Destination

The Variable Call Destination feature provides for multiple terminations of Business/Residence Line Toll Free Service when Customer specifies an Area of Service. This allows for the assignment of one toll free number with termination to an exchange access line.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.1 Business/Residence Line Toll Free Service, (Cont'd.)****5.1.4 Determining Usage Charges**

Monthly usage charges are calculated separately for each exchange access line termination. There is a minimum usage charge based on the average completed call of 30 seconds per completed call for each billing period for each rate period. Therefore, if the average duration of all such calls is less than 30 seconds, the total use equals the number of calls multiplied by 30 seconds. Usage charges apply as follows:

- A. For each exchange access line termination of a given toll free number, the total chargeable hours for each rate period for each termination is the greater of (1) or (2) following, rounded up to the nearest tenth.
 1. Determine the total actual Business/Residence Line Toll Free Service hours associated with a given toll free number and exchange access line for each rate period (chargeable time for each call) or;
 2. Determine the total equivalent hours associated with a given toll free number for the exchange access line termination used for each rate period by applying the minimum average time requirement of 30 seconds per call (1 call X 30 seconds).
- B. Using the total chargeable hours per rate period determined in 1. preceding and the table of hourly rates, multiply the hourly rates(s) in the appropriate usage tier by the number of hours used in each usage tier. The total charge is the sum of all the usage.
- C. The charges for a fractional part of a month will be a proportionate part of the monthly recurring charge based on the actual number of days service is provided, plus the usage charges applicable for that month. Every month is considered to have 30 days.

5.20.3 Terms and Conditions

A. Service Level Agreement (SLA)

1. The SLA will be applied and measured over a calendar month as specified. These measurements represent the minimum level of performance that is acceptable and are set accordingly. SLA applies to National Ports and National PVCS only. Performance Objectives and Credit Allowances will apply for Customers who have five (5) or more nodes in service during the entire month.
2. Objectives to be measured are:
 - Network Availability
 - MTTR
 - Frame Delivery
 - Transit Delay
3. Calculations for the above objectives will be based on the Customer call to the Network Operations Center (NOC) to establish a trouble report. Outage time begins when the Customer reports the trouble and ends when the Company notifies the Customer that the problem has been resolved.
4. A PVC or Port can only receive one service credit during any one calendar month. PVCs that receive a credit for failure to meet Network Transit Delay or Frame Delivery Performance objectives will not be included in the calculation for Network Availability.
5. Only National Ports, National PVCs and Company-provided local access are eligible for SLAs.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.20 National Frame Relay Service (NFR), (Cont'd.)****5.20.3 Terms and Conditions, (Cont'd.)****B. General Exclusions**

The following exclusions are not calculated in the SLA.

1. A service outage that is not supported by a Company trouble ticket.
2. New installation prior to acceptance by the Customer.
3. Scheduled maintenance window with prior notifications.
4. Force Majeure.
5. Any act of omission, fault or negligence on the part of the Customer, its contractors, or any other entity over which the customer exercises control or has the right to exercise control.
6. Any act or omission on the part of any third party with the exception of the Interexchange Carrier (IXC), Local Exchange Carrier (LEC), Regional Bell Operating Company (RBOC) or any Company agent or contractor contracted by the Company.
7. The first month of service for the particular service element.

C. Credits

If the specified objectives are not met within the specified time frames, a 10% credit of the discounted Monthly Recurring Charges for all affected ports and PVCs, not to exceed \$5,000, will be posted on the Customer's bill within two months of the Company's determination that the claim is valid. The credit will be applied to the appropriate elements affected by the outages (i.e. Ports, PVCs and Company provided local access).

5.20.3 Terms and Conditions, (Cont'd.)

D. Term Commitment Plans

1. Minimum Service Period

The minimum service period for National Frame Relay Service is one year.

2. Termination Liability

If the Customer terminates service in whole or in part after the installation of the service but prior to completion of the service period, the Customer shall be obligated to pay the remaining months of the service period selected. The Customer that migrates their service to a Company affiliate will not incur termination liability.

Termination Charge = Remaining Months x Monthly Charge.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.20 National Frame Relay Service (NFR), (Cont'd.)****5.20.4 NFR Components****A. NFR Revenue Pricing Plans****1. Minimum Monthly Revenue Commitment**

Monthly Revenue Commitment Plans are available for discounts based on the minimum revenue and term commitments selected by the Customer. The eligible NFR charges that will contribute to the Monthly Revenue Commitment Plan are the undiscounted Recurring Monthly charges for the following NFR components: National Ports, Non-US Ports, National PVC/CIR, International PVC/CIR. The Customer must commit to a period of either one, two, three, four or five years. The Customer must provide written notification to the Company to renew the original Revenue Pricing Plan at least sixty (60) days prior to the expiration of the contract. At the end of the current term plan, the Customer may commit to a new term of one year or continue the service at month to month rates and will be charged the standard monthly recurring charges.

2. Individual Case Basis (ICB) Arrangement

Customer specific prices will be made available to similarly situated Customers on a non-discriminatory basis.

ICB's will also be used for other NFR in the case of non-standard service periods, to provide additional discounts, and/or stabilization of rates over a contract life.

As part of an ICB arrangement, the Company may offer to stabilize NFR pricing rates over the life of the contract. In such an arrangement, the ICB monthly rate is guaranteed against Company initiated increases and will apply for the entire duration of the ICB contract.

In the event that an increase authorized by a regulatory agency is applied to the ICB price, the Customer may terminate the contract without incurring any termination liability charges.

3. Early Termination Charge

When the Customer discontinues service under a Revenue Pricing Plan prior to the expiration of the commitment term, an Early Termination Charge will be assessed as follows.

If the Revenue Pricing Plan is discontinued prior to the completion of the first year of the contract term, the Customer is liable for 100% of the minimum monthly revenue commitment for the unexpired portion of the first year of the term, plus 50% of the minimum monthly revenue commitment for the remaining portion of the applicable term.

If the Revenue Pricing Plan is discontinued after completion of the first year of the contract term, the Customer is liable for 50% of the minimum monthly commitment for the remaining portion of the applicable term.

Early termination will not apply if the Customer enrolls in a new Revenue Pricing Plan with equal or greater revenue commitment and term commitment than the current plan.

Payment of the total amounts owed by the Customer under this provision is due as a lump sum within thirty (30) days of the date the plan is discontinued.

The Customer that migrates their service to a Company affiliate will not incur termination liability.

If within sixty (60) days of the date the Customer issues its termination notice to the Company for a particular service, and the Customer orders replacement service, the Company shall waive the termination liability charges above for the service which was terminated by the Customer if the following conditions are met.

- a. When the replacement service is ordered by the Customer, such replacement service is specifically identified as being a replacement for the terminated service; and
- b. The monthly charges for the replacement service are equal to at least ninety percent (90%) of the monthly charges for the terminated service for which it is a replacement.

B. Promotions

From time to time, the Company may provide certain special promotional offerings to its Customers. These offerings may be limited to certain dates, time and locations.

If the new date is met, or if charges are assigned to the Company by providing partner(s), whether or not the requested improved installation date is met, the following nonrecurring charge applies in addition to all other applicable nonrecurring charges and charges passed through by the local exchange carrier for the access connection.

2. PVC/CIR Change Charge

The Customer may request to increase or decrease a PCV/CIR at any time after the service date. A PVC/CIR change charge applies for each change to a PVC/CIR.

3. Change of Requested Service Date Charge

- a. If the Customer delays an order within five (5) calendar days immediately prior to the due date, a Due Date Change Charge will apply, regardless of the length of the delay. The Due Date Change Charge will apply in addition to all other applicable nonrecurring charges and any charges passed through by the relevant local exchange and/or IXC carrier(s) for provisioning the local access connection.
- b. If the Customer delays a due date by more than twenty (20) cumulative calendar days from the initial due date, the Customer will be billed for the service ordered commencing on the first day after the 20th cumulative calendar day.
- c. If the Customer is not ready on the due date and has not requested a delay prior to the due date, the service ordered will commence on the due date.

D. Nonrecurring Charge Waiver

The Company will waive the Nonrecurring Installation Charge for new Business Customers who subscribe to a one (1) year minimum term commitment of this service. This waiver applies to nonrecurring charges for National Ports and Permanent Virtual Circuits (PVCs) and International Ports and PVCs. SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)

5.24 Business Plan B

This service is only available to existing Customers as of July 31, 2001 , at existing locations, without modification.

Business Plan B is an optional calling plan offered to existing Business Customers at existing locations only for outbound direct dialed calling from presubscribed switched or dedicated Access Lines at rates which are dependent on the Customer's monthly usage guarantee (MUG) level. Inbound (toll free) calling is also available for termination on switched or dedicated Access Lines. Operator assisted calling is also available under this plan. Customers may select a one, two or three year term commitment in order to obtain lower rates.

5.24.1 Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

Access Type/Call Type	Initial Increment	Additional Increment
Switched Access	18 seconds	6 seconds
Dedicated Access	6 seconds	6 seconds
Operator Assisted	60 seconds	60 seconds

5.24.2 Monthly Usage Guarantee

All intrastate, interstate and international usage charges and applicable surcharges billed to the Customer under this plan contribute towards meeting the monthly usage guarantee. In addition, feature charges, directory assistance charges, operator usage and surcharges, and monthly recurring charges are contributory to the monthly usage guarantee. Taxes, presubscribed line charges, carrier universal service charges, pay telephone use charges and other similar fees are not contributory. When the Customer's billing falls below the MUG in any full billing period, a shortfall charge will be applied which is equal to the difference between the Monthly Usage Guarantee and the actual contributory billing for that billing period.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.24 Business Plan B, (Cont'd.)****5.24.3 Termination Liability**

When the Customer terminates service under this plan prior to the expiration of the Customer's selected term commitment, a termination charge will be assessed. The termination charge is calculated by multiplying 35 percent (35%) of the Customer's Monthly Usage Guarantee multiplied times the number of months remaining in the term.

The early termination charge will apply under the following circumstances:

- A. When the Customer disconnects its entire Account;
- B. When the Customer selects a shorter term; or
- C. When the Customer negotiates a reduction in their monthly spending commitment more than one level during a billing cycle.

The early termination charge will not apply under the following circumstances:

- A. When the Customer's physical location changes, but the term plan is continued at the new location;
- B. When the Customer negotiates the term plan for a longer term;
- C. When the Customer moves to a jurisdiction where the Company is prohibited from offering service;
- D. When the Customer changes plan prior to 60 days of service;
- E. When the Customer returns to the Company and the same term length agreement as a result of a Winback program;
- F. When the Customer moves from the two year term on Plan B Service to a one or three year term on Plan D Service;
- G. When the Customer reduces their term monthly spend level on level during a billing cycle; or
- H. When the Customer has encountered extremely poor service, verified by higher management.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)

5.24 Business Plan B, (Cont'd.)

5.24.3 Termination Liability, (Cont'd.)

Once the Customer has reached the lowest Minimum Usage Guarantee level of Plan B, they may move to Plan C without incurring a penalty. The Customer must move to the same term commitment they subscribed to on Plan B.

At the expiration of the term commitment, the Customer will continue at the same commitment and usage rate unless they choose to make a change, either to a different term commitment/minimum usage guarantee or to a different plan. If the Customer continues without changing, they will still be liable for the minimum usage guarantee to which they were originally subscribed.
