Integrated Services Digital Network (ISDN)

ISDN – Individual Line Basic Rate Interface (PRI) (Continued)

(E) Move Charge

A move charge, per ISDN-PRI Primary Rate Access Line, applies for each Primary Rate Access Line moved to a new location in the same building. This move charge is equal to the sum of the Primary Rate Access Line Non-recurring Charge, Service Change Charge and Premises Visit Charge specified in (F) following.

(F) Service Connection Charges

1. Service Establishment Charges are applicable for each ISDN-PRI Primary Rate Access Line ordered, for receiving and recording information and or taking action in connection with a customer's request and processing the necessary data. These charges include engineering design, common centralized testing, and coordination.

2. Service Change Charges are applicable for receiving and recording information and or taking action in connection with a customer's inside move or transfer of service responsibility request and processing the necessary data on an existing Primary Rate Access Line. A Service Charge is applicable for each Primary Rate Access Line associated with the customer request (in lieu of a Service Establishment Charge).

3. Premises Visit Charges are applicable per Primary Rate Access Line, for the termination of a channel at a customer's premises or for termination of a channel at a customer's premises or for termination change at the same premises. Only one Premises Visit Charge applies when more than one channel service of the same type is terminated or moved at the same premises at the same time.
