SYMBOLS

The following are the only symbols used for the purposes indicated below:

- C Changed regulation.
- D Delete or discontinue.
- I Change Resulting in an increase to a Customer's bill.
- M Moved from another tariff location.
- N New
- R Change resulting in a reduction to a Customer's bill.
- T Change in text or regulation.

TARIFF FORMAT

A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

2.1 General

The Company provides direct dialed (1+) and operator assisted services for communications originating and terminating within the State of Missouri. The Company's services are available twenty-four hours per day, seven days a week. Intrastate service is offered in conjunction with interstate service.

Customers are billed based on their use of the Company's services and network. No installation charges apply.

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.**2.2 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call.

The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between the Wire Center of the Customer's equipment and that of the destination point is calculated by using the "V" and "H" coordinates found in BellCore's V&H Tape and NECA FCC Tariff No. 4.

Step 1 - Obtain the "V" and "H" coordinates for the Wire Centers serving the Customer and the destination point.

Step 2 - Obtain the difference between the "V" coordinates of each of the Wire Centers. Obtain the Difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the Wire Centers.

Formula:

$$\sqrt{\frac{(V_1 V_2)^2 + (H_1 H_2)^2}{10}}$$

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.

- 2.3.2 Chargeable time for all calls ends when one of the parties disconnects from the call.
- 2.3.3 Minimum call duration and additional increments for billing are specified in the description of each service.
- 2.3.4 No charges apply to incomplete calls.
- 2.3.5 When a call is established in one rate period and ends in another rate period, the rate in effect at the calling station applies to the entire call.

Business Dedicated Access Service may be obtained on a fixed term basis with a minimum of a one (1) year commitment, with a minimum requirement of greater than thirty thousand (30,000) minutes of usage per month. If usage is less than the minimum requirement, the Customer will be charged a penalty equal to the shortage of minutes of usage multiplied by the rate per minute. If the Customer terminates service prior to the expiration of the term, the Customer will be liable for any installation charges that were initially waived. The Customer must give written notice to the Company to disconnect the service forty-five (45) days prior to the end of the one term.

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.2.15 Private Line Service, Cont'd.2.15.2 Point To Point Service Description

A specified discount, corresponding to the length of the term commitment, that will apply for the life of the plan, will be applied to the Inter-Office Channel (IOC) portion of the charges.

If a Customer terminates service prior to completion of the term commitment, the Customer will pay termination charges for any unexpired portion of the term remaining after the forty-five (45) day notice period required for cancellation of Point to Point Service. The Customer shall be liable for termination charges equal to one hundred percent (100%) of the monthly recurring IOC charges for any remaining portion of the first year of the term, and twenty five percent (25%) of the IOC charge for the remainder of the subsequent years of the term. In addition, the Customer will be liable for any installation charges that were previously waived. A Customer may terminate a Fixed Term Plan prior to its expiration without liability if:

- B. the Customer replaces the existing arrangement with a new arrangement which expires on or after the expiration date of the existing plan.

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.2.15 Private Line Service, Cont'd.2.15.3 Move Charge

A move charge will apply, to Private Line Services, when the physical location of the dedicated circuit, or a central office location is changed at the Customer's request. A move of this type will be considered a disconnection of service at one location and a reinstallation of the same service at the new location. The Customer will be responsible for the entire reinstallation charges. This type of move will not constitute a break in the original term agreement.

2.15.4 Allowance For Interruption Of Service

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.**2.19 Frontier VIP**

Frontier VIP Standard and VIP Plus are long distance services that provide Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched and dedicated usage. VIP Standard and VIP Plus are offered dependent upon the availability of Carrier capability.

2.19.1 Rate Structure

Frontier VIP switched calls are non-distance sensitive, flat-rated, twenty-four (24) hours a day, seven days a week.

2.19.2 Usage Charges

Customers may subscribe to Frontier VIP Standard and VIP Plus switched and dedicated service on either a Month-to-Month, one, two or three year Term Plan. The Customer's total monthly usage of Frontier VIP is charged at the applicable per minute rates set forth in this tariff. Frontier VIP switched inbound (8XX) and outbound service is billed in six-second increments, with an eighteen-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. To calculate rounding, the raw usage charge for the call is calculated as the call duration (minimum plus fractional duration) multiplied by the 4-digit (\$0.XXXX) rate value. That amount is then rounded up or down to the nearest whole cent.

Subscribers to VIP Standard and VIP Plus term plan service will be eligible to receive discounts on domestic 1+ and domestic Toll-Free calls. Applicable discounts are based on total monthly (domestic) usage for the respective service. VIP Standard total usage does not include the local services of affiliated ILECs with a billing and collection agreement with the Carrier, while VIP Plus total usage does include these local services. All discount credits will be applied against the customer's interstate usage. Applicable discounts are set forth in this tariff. Subscribers to Frontier VIP Term Plan services will receive a percent discount off the switched or dedicated Term Plan base rate, based on the Term Plan selected. The Volume Discount Levels and applicable discounts are specified in this tariff.

SECTION 2 - SERVICE DESCRIPTIONS, Cont'd.2.19 Frontier VIP, Cont'd.2.19.2 Usage Charges, Cont'd.

Frontier VIP Standard Term Plans will automatically renew for successive twelve (12) month periods unless the Customer notifies the Carrier in writing before the end of their current term of their intention to terminate the agreement at the completion of the term. Frontier VIP Plus Term Plans will default to VIP Standard month-to-month plans if not renewed. Customers electing to continue receiving service without renewing their current term commitment will automatically revert to the respective switched current effective base rate.

A termination fee, equal to the Number of lines cancelled x number of months remaining on the contract x \$25.00, will be assessed when a VIP Standard or VIP Plus Customer terminates service prior to the completion of the then current term. For a dedicated service customer the "number of lines" is equal to the number of channels (i.e., a T1 loop would constitute 24 lines).

Frontier VIP may be applied at the parent or child account levels. (Allowing different child accounts to have different long distance products). For customers with VIP Plan at the parent account level, all qualified billing rolls up to the parent to determine total monthly billing and the appropriate "super-volume" discount level for that month. Child account discounting will be applied based on the higher (parent or child) VIP Plan term and "total volume" discount. Discounts will be shown per call type at the account level on billing statements.

2.19.3 Ancillary Services

An additional * per call surcharge will be assessed on all calls placed for intrastate Directory Assistance. (C)
