The following symbols shall be used in this tariff for the purpose indicated below:

- (C) To signify changed regulation.
- (D) To signify discontinued rate or regulation.
- (I) To signify increased rate.
- (M) To signify a move in the location of text.
- (N) To signify new rate or regulation.
- (R) To signify reduced rate.

- (T) To signify a change in text but no change in rate or regulation.

TARIFF FORMAT

- A. Page Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages). The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

2.2.3 The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked Service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.

2.2.4 A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and nonrecurring installation charges as stated in this tariff will apply.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.3.1 General

The Customer shall be responsible for:

Any and all costs associated with the obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company provided facilities, shall be borne entirely by, or may be charged by the Company, to the Customer. - (B) To the extent caused by any negligent or intentional act of the Customer as described in (A), preceding, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees, for (1) any loss, destruction or damage to property of any third party, and (2) any liability incurred by the Company to any third party pursuant to this or any other tariff of the Company, or otherwise, for any interruption of, interference to, or other defect in any service provided by the Company to such third party.
- (C) The Customer shall not assert any claim against any other Customer or user of the Company's services for damages resulting in whole or in part from or arising in connection with the furnishing of service under this tariff including but not limited to mistakes, omissions, interruptions, delays, errors or other defects or misrepresentations, whether or not such other Customer or user contributed in any way to the occurrence of the damages, unless such damages were caused solely by the negligent or intentional act or omission of the other Customer or user and not by any act or omission of the Company. Nothing in this tariff is intended either to limit or to expand Customer's right to assert any claims against third parties for damages of any nature other than those described in the preceding sentence.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.4 Customer Equipment and Channels

2.4.1 General

A user may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A user may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

- (A) Terminal equipment on the user's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the user. The user is responsible for the provision of wiring or cable to connect its terminal equipment to the Company's network.
- (B) The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense, subject to prior Customer approval of the equipment expense.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.4 Customer Equipment and Channels, (Cont'd.)

2.4.3 Inspections

- (A) Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2(B) for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
- (B) If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.
- (C) If harm to the Company's network, personnel or services is imminent, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.5 Customer Deposits and Advance Payments

2.5.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to one (1) month's estimated billing, upon which the advance can be collected and subsequently rebilled. In addition, the advance payment may also include an amount equal to the estimated nonrecurring charges and recurring charges for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's next bill. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.5 Customer Deposits and Advance Payments, (Cont'd.)

2.5.2 Deposits

- (A) To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges in accordance with Alabama Public Service Commission Rules. A deposit may be required if the Customer's financial condition is not acceptable to the Company or is not a matter of general knowledge. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to two regular billing periods. A deposit may be required in addition to an advance payment.
- (B) Upon discontinuance of service, the Company shall promptly and automatically refund the Customer's deposit plus accrued interest, or the balance, if any, in excess of the unpaid bills including any penalties assessed for service furnished by the Company.
- (C) Deposits will accrue interest annually in accordance with Alabama Public Service Commission Rules. The interest accrued is 7% annually. Accrued interest shall be annually credited to the Customer by deducting such interest from the amount of the next bill for service following the accrual date.
- (D) The Company shall annually and automatically refund the deposits of Customers who have paid bills for 24 consecutive months without having had service discontinued for nonpayment or had more than one occasion on which a bill was not paid within the period prescribed and are not then delinquent in payment.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.6 Payment Arrangements

2.6.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer.

The Customer is responsible for the payment of federal excise taxes, state and local sales and use taxes and similar taxes imposed by governmental jurisdictions, all of which shall be separately designated on the Company's invoices. The Company will not separately charge for the Alabama gross receipts tax on the Company's invoice for local services. Any taxes imposed by a local jurisdiction (e.g., county and municipal) will only be recovered from those Customers residing in the affected jurisdictions.

Certain telecommunications services, as defined in the Alabama Revised Code, are subject to state sales tax at the prevailing tax rates, if the services originate, or terminate in Alabama, or both, and are charged to a subscriber's telephone number or account in Alabama.

2.6.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

- (A) Nonrecurring charges are due and payable upon receipt of the Company's invoice by the Customer.
- (B) The Company shall present invoices for recurring charges monthly to the Customer, in advance of the month in which service is provided, and recurring charges shall be due and payable upon receipt. When billing is based upon Customer usage, usage charges will be billed monthly for the preceding billing period.
- (C) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have thirty (30) days.

SECTION 2.0 - RULES AND REGULATIONS, (Cont'd.)

2.6 Payment Arrangements, (Cont'd.)

2.6.2 Billing and Collection of Charges, (Cont'd.)

(D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the day on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

SECTION 3.0 SERVICE DESCRIPTIONS AND RATES

3.1 General

(D)

The Company provides direct dialed (1+), toll-free, and operator assisted services for communications originating and terminating within the State of Alabama. The Company's services are available twenty-four hours per day, seven days a week. Intrastate service is offered in conjunction with interstate service.

Customers are charged individually for each call placed using the Company's service. Customers are billed based on their use of the Company's services and network. No installation charges apply.

SECTION 3.0 SERVICE DESCRIPTIONS AND RATES, (Cont'd.)

3.2 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call.

The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between the Wire Center of the Customer's equipment and that of the destination point is calculated by using the "V" and "H" coordinates found in BellCore's V&H Tape and NECA FCC Tariff No. 4.

- Step 1 - Obtain the "V" and "H" coordinates for the Wire Centers serving the Customer and the destination point.
- Step 2 - Obtain the difference between the "V" coordinates of each of the Wire Centers. Obtain the Difference between the "H" coordinates.
- Step 3 - Square the differences obtained in Step 2.
- Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the Wire Centers.

Formula:

$$\sqrt{\frac{(V_1 V_2)^2 + (H_1 H_2)^2}{10}}$$

SECTION 3.0 SERVICE DESCRIPTIONS AND RATES, (Cont'd.)

3.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.

3.3.2 Chargeable time for all calls ends when one of the parties disconnects from the call.

3.3.3 Minimum call duration and additional increments for billing are specified in the description of each service.

3.3.4 No charges apply to incomplete calls.

3.3.5 When a call is established in one rate period and ends in another rate period, the rate in effect at the calling station applies to the entire call.

Clear Value customers may originate outbound calls by dialing 1 plus an area code and the desired telephone number. Inbound calls are originated to the Clear Value customer's designated location by users dialing 1 plus the Clear Value customer's 800 telephone number. Clear Value calls are based on the length of the call and the time of day.

The customer's Clear Value service is charged at the applicable rates per minute set forth in Section 6 based on the Clear Value product option selected. Clear Value 1+ and 800 calls are billed in six (6) second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Clear Value dedicated access 1+ and 800 calls are billed in six (6) second increments, with an eighteen (18) second minimum for each call. Clear Value customers who make long distance calls through Access or Spectrum are billed in one (1) minute increments with a one (1) minute minimum at the per minute and per call rates set forth in Section 3. Clear Value customers may subscribe to one of seven (7) mutually exclusive Clear Value service options: Clear Value Month-to-Month (MTM); Clear Value Term Plan I, Term Plan II, Term Plan III, Term Plan IV, Term Plan V, or Term Plan VI. For each Clear Value Term plan option, a Clear Value customer must commit to a one year (12 month), two year (24 month) or three year (36 month) term agreement. Clear Value customers electing either a two or three year term plan agreement will receive one of the applicable per minute discount off of the base one year term plan rates. Clear Value customers electing a dedicated access option will be billed by their local exchange carrier or alternative provider for all monthly and non-recurring charges associated with the dedicated access facilities required to access Clear Value Service.

Clear Value Term Plan options will automatically renew for successive periods of one year unless the Clear Value Term Plan customer notifies Company in writing before the end of the term that the Term Plan customer intends to terminate the agreement at the completion of the current one year term. There is a monthly minimum usage level (MMUL) for each term plan option, as set forth in Section 3. Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. A monthly termination fee, equal to the MMUL of the term plan that the Clear Value customer is subscribing to, will be assessed per month for each of the remaining months in the current term after a Clear Value customer terminates service prior to the completion of the then current term of service. SECTION 3.0 SERVICE DESCRIPTIONS AND RATES, (Cont'd.)

3.24 Frontier VIP

Frontier VIP Standard and VIP Plus are long distance services that provide Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched and dedicated usage. VIP Standard and VIP Plus are offered dependant upon the availability of Carrier capability.

3.24.1 Rate Structure

Frontier VIP switched calls are non-distance sensitive, flat-rated, twenty-four (24) hours a day, seven days a week.

3.24.2 Usage Charges

Customers may subscribe to Frontier VIP Standard and VIP Plus switched and dedicated service on either a Month-to-Month, one, two or three-year Term Plan. The Customer's total monthly usage of Frontier VIP is charged at the applicable per minute rates set forth in this tariff. Frontier VIP switched inbound (8XX) and outbound service is billed in six-second increments, with an eighteen-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. To calculate rounding, the raw usage charge for the call is calculated as the call duration (minimum plus fractional duration) multiplied by the 4-digit (\$0.XXXX) rate value. That amount is then rounded up or down to the nearest whole cent.

Subscribers to VIP Standard and VIP Plus term plan service will be eligible to receive discounts on domestic 1+ and domestic Toll-Free calls. Applicable discounts are based on total monthly (domestic) usage for the respective service. VIP Standard total usage does not include the local services of affiliated ILECs with a billing and collection agreement with the Carrier, while VIP Plus total usage does include these local services. All discount credits will be applied against the customer's interstate usage. Applicable discounts are set forth in this tariff. Subscribers to Frontier VIP Term Plan services will receive a percent discount off the switched or dedicated Term Plan base rate, based on the Term Plan selected. The Volume Discount Levels and applicable discounts are specified in this tariff.

Frontier VIP Standard Term Plans will automatically renew for successive twelve (12) month periods unless the Customer notifies the Carrier in writing before the end of their current term of their intention to terminate the agreement at the completion of the term. Frontier VIP Plus Term Plans will default to VIP Standard month-to-month plans if not renewed. Customers electing to continue receiving service without renewing their current term commitment will automatically revert to the respective switched current effective base rate.

SECTION 3.0 SERVICE DESCRIPTIONS AND RATES, (Cont'd.)

3.24 Frontier VIP, (Cont'd.)

3.24.2 Usage Charges, (Cont'd.)

A termination fee, equal to the Number of lines cancelled x number of months remaining on the contract x \$25.00, will be assessed when a VIP Standard or VIP Plus Customer terminates service prior to the completion of the then current term. For a dedicated service customer the "number of lines" is equal to the number of channels (i.e., a T1 loop would constitute 24 lines).

Frontier VIP may be applied at the parent or child account levels. (Allowing different child accounts to have different long distance products). For customers with VIP Plan at the parent account level, all qualified billing rolls up to the parent to determine total monthly billing and the appropriate "super-volume" discount level for that month. Child account discounting will be applied based on the higher (parent or child) VIP Plan term and "total volume" discount. Discounts will be shown per call type at the account level on billing statements.

3.24.3 Ancillary Services

An additional \$1.99 per call surcharge will be assessed on all calls placed for intrastate Directory Assistance.

3.25 FrontierWorks LD

FrontierWorks LD is a non-distance sensitive product that includes direct dial 1+ outbound service and (8XX) toll-free inbound service. Pre-subscription of the primary line is required to subscribe to FrontierWorks LD offered by Frontier Communications of America, Inc (FCA). This plan is available to customers of local exchange companies (LEC) with whom the carrier has a billing and collections contract, and is enrolled in the FrontierWorks Small Business Solutions product offered by that associated LEC. This product is only available in conjunction with the FrontierWorks LD plan from Frontier Communications of America, Inc.'s interstate Domestic Price List.

Term plans and termination liability that the customer agrees to for FrontierWorks LD in conjunction with the FrontierWorks Small Business Solutions product can be found in the local exchange tariff of FCA's associated LEC.

3.25.1 Rate Structure

FrontierWorks switched calls are non-distance sensitive, flat-rated, with the following rating periods:

Monday - Friday		Saturday & Sunday
D= Day	8:00 AM - 4:59PM	N = Night 12:00AM Saturday through 11:59 PM on Sunday.
E= Evening	5:00 PM - 11:59PM	
N= Night	12:00 AM - 7:59AM	

3.25.2 Usage Charges

Customers enrolled in this product will receive a total of 100 free direct dial 1+ and (8XX) toll-free interstate, interLATA or intraLATA minutes per month, measured at the account level. Any usage above the allotted free minutes will be subject to an overage rate that can be found in the rate section of this tariff.

A single optional Block of Time (BOT) quantity of minutes can be ordered in conjunction with FrontierWorks LD, in monthly increments of 250, 500, and 1000 minutes, for an additional monthly recurring charge (MRC). The MRC for the BOT is applied at the account level, and can be found in the FrontierWorks LD plan from FCA's interstate Domestic Price List. Any usage above the 100 free minutes and the BOT minutes will be rated at an intrastate overage rate per minute, and these rates can be found in the rate section of this tariff. Overage rates may vary depending upon which BOT is selected. If a new customer to FrontierWorks LD signs up mid-billing cycle, free minutes and the BOT minutes will be prorated. If moving between BOTs, minutes will be prorated based upon the number of days of that billing cycle and will be charged the appropriate overage rate for the BOT selected at the time the call was completed. Usage will be billed in arrears. Excluded from the BOT minutes are: long distance Directory Assistance, and 900 calls. (D)

3.26 Frontier Destinations

(N)

Frontier Destinations State to State and Frontier Destinations Instate are long distance services that provide Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched usage. Destinations State to State and Destinations Instate are offered dependant upon the availability of Carrier capability. This plan is available to customers of local exchange companies (LECs) with whom the carrier has a billing and collections contract. This product is only available in conjunction with the respective Frontier Destinations plan from Frontier Communications of America, Inc.'s interstate Domestic Price List. If a customer selects this service, all lines pre-subscribed to Frontier Communications of America, Inc. are to be on this account level plan.

3.26.1 Rate Structure

Destinations State to State and Destinations Instate switched calls are non-distance sensitive, flat-rated, twenty-four (24) hours a day, seven days a week.

3.26.2 Usage Charges

Customers may subscribe to Destinations State to State or Destinations Instate switched service on either a Month-to-Month, one or two year Term Plan. The Customer's total monthly usage is charged at the applicable intrastate per minute rates set forth following. Frontier Destinations State to State and Frontier Destinations Instate switched inbound (8XX) and outbound service is billed in six-second increments, with a thirty-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. To calculate rounding, the raw usage charge for the call is calculated as the call duration (minimum plus fractional duration) multiplied by the 4-digit (\$0.XXXX) rate value. That amount is then rounded up to the nearest whole cent.

Frontier Destinations State to State and Destinations Instate Term Plans will automatically renew for successive twelve (12) month periods, and will continue to renew for additional one year periods at the then current tariffed rates in effect for a one or two year term unless the Customer notifies the Carrier in writing 60 days before the end of their current term of their intention to terminate the agreement at the completion of the term. During the term, rates may be changed for the plan with 30 days notice. If the rate is an increase, customers will have 30 days from the date notified to make a change or cancel their long distance contract without penalty.

A customer may change between any currently available Frontier term plan without penalty if the term commitment for the new plan is equal or longer than the remaining term commitment of the old plan

A termination fee, equal to the Number of accounts cancelled multiplied by the number of months remaining on the contract multiplied by \$50.00, will be assessed when a Destinations State to State and Destinations Instate Customer terminates service prior to the completion of the then current term.

3.27.2 Usage Charges

A single Block of Time (BOT) quantity of minutes must be ordered in conjunction with Frontier Small Business Advantage LD, in monthly increments of 300, 600, and 900 intrastate and interstate minutes, for an additional monthly recurring charge (MRC) applied at the account level. If the optional (800) toll-free service is selected, those minutes will be included in the BOT minutes, and the MRC for the optional (800) toll-free service is applied on a per number basis. The MRCs for the BOT and the optional toll-free service can be found in the Frontier Small Business Advantage LD plan from FCA's interstate Domestic Price List. If a customer has multiple lines on the account, minutes of use will be allocated to the block of time allotments in sequential order from lowest to highest of the ten-digit line numbers on the customer's account that are subscribed to this plan. Any excess BOT minutes not used for any give billing month will expire and cannot be used against any other month's usage. Any usage above the BOT minutes will be rated at an intrastate overage rate per minute, and these rates can be found in the rate section of this tariff. Overage rates may vary depending upon which BOT is selected.

If a new customer to Frontier Small Business Advantage LD signs up mid-billing cycle, the BOT minutes will be prorated. If moving between BOTs, minutes will be prorated based upon the number of days of that billing cycle and will be charged the appropriate overage rate for the BOT selected at the time the call was completed. Usage will be billed in arrears. Excluded from the BOT minutes are: long distance Directory Assistance, and 900 calls. (D)

In the event a customer has multiple lines on their account, and any of the auxiliary lines are not on the Frontier Small Business Advantage product of the associated LEC, those lines are not eligible for the BOT selection offered by this product. If a customer selects an FCA product for auxiliary lines other than Frontier Small Business Advantage LD, the customer will be subject to the rates, terms and conditions of that product

Interstate rates for usage outside the BOT minutes are found in the Domestic Price List of FCA. International rates for this product are found in the International Product Guide of FCA.

All calls are subject to a minimum billing of thirty seconds with an additional billing increment of six seconds. Charges will be rounded up to the next cent on a per call basis.
